## 4-in-1 Portable Urinals Think outside the box

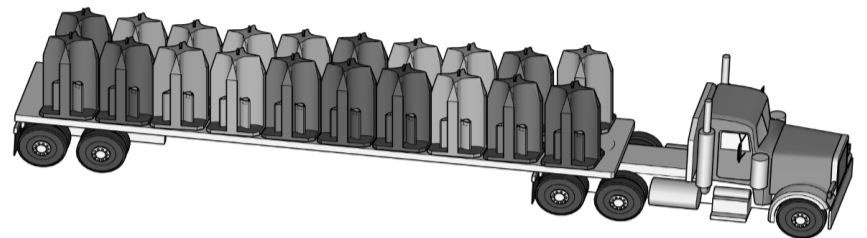

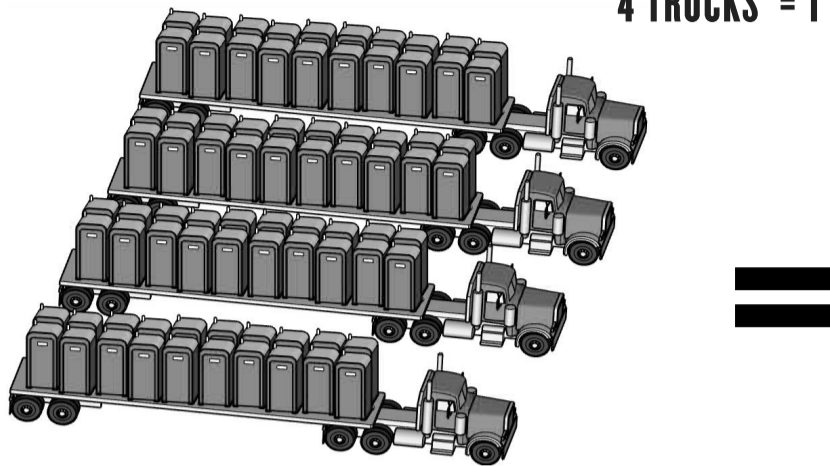

Kros portable urinals ensure a cleaner, simpler, more practical option to the restroom dilemma.

This 4-in-1 urinal was designed in the Netherlands as a radically efficient, lightweight urinal for large outdoor sanitation solutions. In the essence of simplicity, Kros is the first of its kind: a square divided into four partitioned quadrants allowing simultaneous use by four men, side-by-side with ample separation and privacy.

# HOW TO SAVE MONEY WITH KROS PORTABLE URINALS?

4 TRUCKS = 1 TRUCK. MORE SPACE. HIGHER CAPACITY. LESS LABOR. LESS FUEL.

**CAPACITY = 80**  
**4 TRUCKS (40' TRAILER)**  
**100 MILES X \$1.91/MILE = \$764**

**CAPACITY = 80**  
**1 TRUCK (40' TRAILER)**  
**100 MILES X \$1.91/MILE = \$191**

## Benefits

Typically the only way to fight 'The Long Line Problem' is to add more units and pray for the best. Kros Portable Urinals provides you a new option.

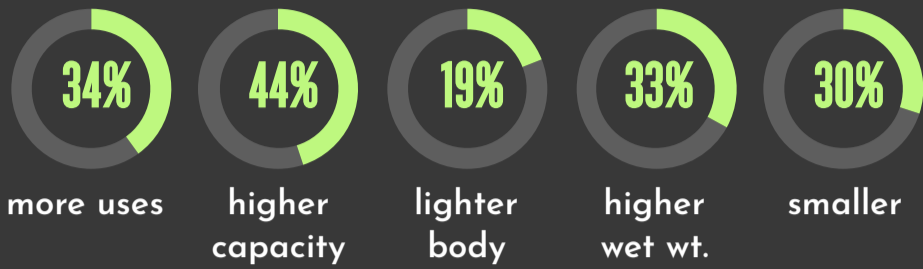

## Privacy

Create privacy without fencing: place the Kros Portable Urinals behind the portable toilets.

## Features

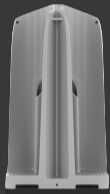

Kros Urinals, the radically efficient, lightweight designed urinal for large outdoor sanitation solutions. In the essence of simplicity, Kros is the first of its kind: a square divided into 4 partitioned quadrants allowing simultaneous use by four men, side-by-side with ample separation and privacy.

### KROS URINAL

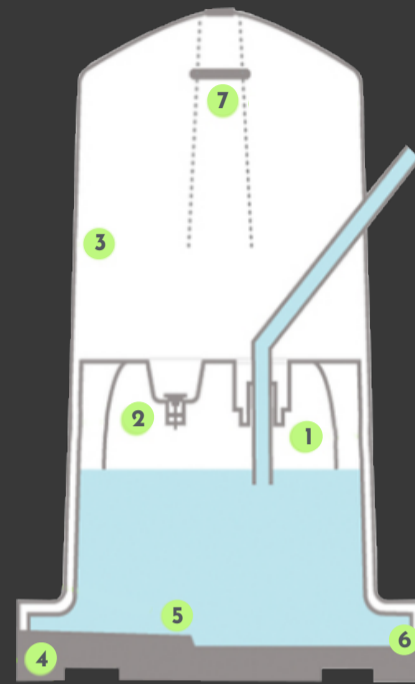

### TOILET

|                    |                 |              |
|--------------------|-----------------|--------------|
| 1100               | MAXIMUM USES    | 725          |
| 100                | GALLON CAPACITY | 55           |
| 1                  | MOVING PARTS    | 16           |
| 188                | DRY WEIGHT      | 230          |
| 1025               | WET WEIGHT      | 690          |
| 3.6' X 3.6' X 6.6' | FOOTPRINT       | 4' X 4' X 7' |

## Technical Specifications

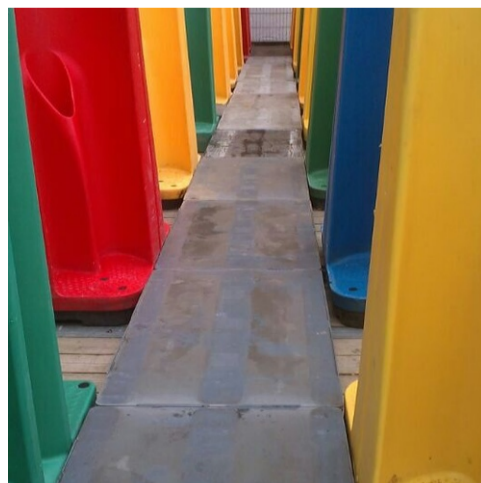

6'6" (H) x 3'6" (W) x 3'6" (L)

- 1 4" aperture for suction hose
- 2 odor blocker
- 3 6 mm polythylene body
- 4 heavy base with inserts for fork-lifts
- 5 deepest point for complete emptying
- 6 sewer drainage connectivity valve
- 7 4 steel bars for lifting & transport

## Available Colors

|  |                                      |
|--|--------------------------------------|
|  | Grey Granite (most common)           |
|  | Green                                |
|  | Yellow                               |
|  | Blue                                 |
|  | Red                                  |
|  | Orange                               |
|  | Black (cost saver, recycled plastic) |

## Advantage: Plumbing

- Kros Urinals can hold 100 gallons of urine which is over 1,100 uses.
- Urine can be treated differently than waste.
- Can be pumped like a normal portable toilet
- The Kros Urinals can be plumbed temporarily or semi-permanently and connected directly into the sewer system further providing cost savings.

## Sporting & Festival Events

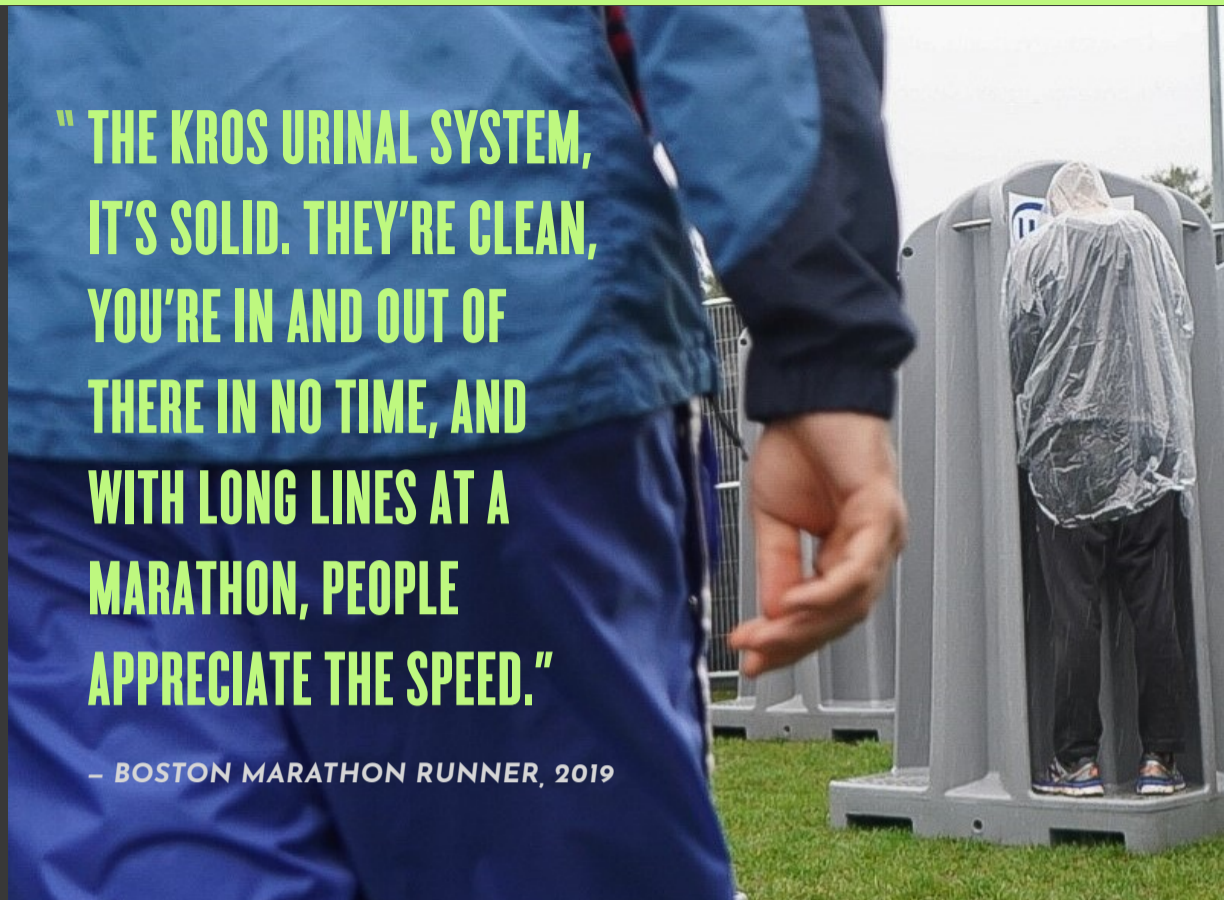

Kros Urinals are used year after year at marathons like in Boston and Houston. Marathon runners love Kros Urinals for many reasons.

Maintaining hydration is key for endurance sports. When athletes wait in slow moving lines, their performance is inhibited which creates a frustration point after months of training. Kros Urinals provides fast lines for thousands of runners while improving the sanitation experience.

Thousands of marathon runners create the need for ultra-high capacity in a short amount of time.

**" THE KROS URINAL SYSTEM,  
IT'S SOLID. THEY'RE CLEAN,  
YOU'RE IN AND OUT OF  
THERE IN NO TIME, AND  
WITH LONG LINES AT A  
MARATHON, PEOPLE  
APPRECIATE THE SPEED."**

– BOSTON MARATHON RUNNER, 2019

## Humanitarian & Disaster Relief

When disaster strikes, sanitation becomes a top humanitarian priority. Every drop of fuel, every truck, every driver venturing into disaster zones must be used efficiently. Kros Urinals will help sanitation, reduce resource demand and reduce costs.

## Natural Areas

Kros Urinals help relieve human footprint on fragile ecosystems. Less trucks coming in and out of fragile ecosystems reduce noise and pollution.

Kros Urinals are 100% Recyclable.

## Marketing

- Kros Portable Urinals provide a great sanitation experience as well as a unique marketing platform.
- Signage can be affixed to the top or on the urinal. Urinals can even be wrapped for eye catching marketing opportunities.
- 'WOW' the festival attendees in the least likely spot.
